

Specification

CNC- MIKRONVCE500 -104

Technical specification :

| | |
|---|--|
| - Power supply input 220Vac | Operating conditions Temperature : 0°C +50°C Humidity : 10% 80% |
| - Power consumption 36W maximum | Resolution 800x600 |
| - Frequency range 15kHz-60kHz horizontal – 50-80 Hz vertical | Brightness 400Cd |
| - Input signals TTL | Contrast 700 : 1 |
| - Synchronization Composit –Separate | Dot pitch 0.264mm |
| - Input connector DB9 Mono | Response time 135mS |
| | Viewing angle 160/140 R-L/U-D |
